PK-12 Teaching Experience

Hillside High School
Present
Hillside, NJ

2001-

- Approximately 184 students taught per year grades 9-12. Teach Dance 1, Dance 2/3, Yoga
- Professional responsibilities:

Create curriculum for courses, maintain accurate attendance records, communicate with guidance and parents regarding individual student needs, submit lesson plans, submit progress reports, semester and final grades, attend staff and department meetings.

- Director Hillside High School Dance Ensemble:

Created in 2002 to give interested students the opportunity to perform, choreography, and work with professional artists while learning more about the world of dance. Students must audition to become members and the average company is 20-25 students. Auditions are open to grades 9-12 with little or no experience necessary. Members are respected role models of the school and must maintain passing grades. The ensemble performs throughout the year and presents a dance concert in May. Members participate in field trips to Montclair State University, NJPAC, Union City High School, Teens Arts Festival, Kean University and the Alley School in New York.

- Director Hillside Public Schools After School Dance Program:

I am the only dance teacher in the district. My supervisor wanted students in the district to have an opportunity to learn dance so she asked me to create a program. One of the goals is to inspire the students at a young age with the hopes they would attend the high school and continue to dance and participate in the arts. The program is for grades 3-8. Students study ballet, modern, jazz and west African dance for eight months after school. A recital is held in May and is open to the public. The dance recital is the most attended event in the district with 300 to 400 in attendance.

Cicely Tyson School of Performing Arts
East Orange, NJ

2001-2002

- Taught classes in Modern, West African, Ballet, Choreography, Dance History to 100 students
